Item 8.01 Other Events

In keeping with its strategy to return 50% of cash flows from operations to shareholders, on August 1, 2017, the Board of Directors (the “Board”) of Simpson Manufacturing Co., Inc. (the “Company”) increased and extended by \$150 million its previous \$125 million share repurchase authorization, which was originally a \$50 million authorization. Pursuant to the updated authorization, the Company may repurchase from January 1, 2016 to December 31, 2018 up to \$275 million of the Company’s common stock (the “Authorization”).

To facilitate share repurchases by establishing accelerated share repurchase programs (each, an “ASR Program”), the Company entered into with Wells Fargo Bank, N.A. (“Wells Fargo”) a Master Confirmation, dated September 14, 2015, and the following Supplemental Confirmations in connection with such Master Confirmation: (i) a Supplemental Confirmation, dated September 14, 2015, in relation to a \$25 million ASR Program; (ii) a Supplemental Confirmation, dated August 24, 2016, in relation to a 50 million ASR Program; and (iii) a Supplemental Confirmation, dated June 2, 2017, in relation to a \$20 million ASR Program (the “June 2017 ASR Program”). With respect to each ASR Program that the Company executed with Wells Fargo, the Company paid an initial purchase price and Wells Fargo made an initial delivery of shares of the Company’s common stock to the Company. At the completion of each ASR Program, the Company may be entitled to receive additional shares of its common stock from Wells Fargo, or, under certain circumstances, may be required to make a cash payment or, at the Company’s option, deliver shares to Wells Fargo. Wells Fargo and its affiliates have performed, and may in the future perform, various commercial banking, investment banking and other financial advisory services for the Company and its subsidiaries for which they have received, and may continue to receive, customary fees and expenses.

The first two ASR Programs with Wells Fargo have been completed. Pursuant to the terms of the June 2017 ASR Program, the Company made an initial payment of \$20.0 million to Wells Fargo, and Wells Fargo made an initial delivery of 425,000 shares of the Company’s common stock at an average price of \$41.28 per share. Final settlement of the June 2017 ASR Program is expected to be completed by the end of the third quarter of 2017, although the settlement may be accelerated at Wells Fargo’s option to an earlier date after a specified minimum period. It is expected that the total number of repurchased shares under the June 2017 ASR Program will be determined based on the daily volume weighted average market price of the Company’s common stock during the term of the ASR Program, less a discount.

The Authorization is not expected to change the Company’s overall strategy. The Company has a strong cash position, which affords it the flexibility and capability to continue seeking growth opportunities and investing in long-term strategic initiatives to increase shareholder value, while still returning capital to shareholders. As of the date of this Current Report on Form 8-K and after taking into account final settlement of the June 2017 ASR Program, approximately \$201.5 million remains available for share repurchases under the Authorization. The Company currently expects to continue to repurchase shares under the remaining balance of the Authorization, including entering into additional ASR Programs with Wells Fargo or other reputable intuitions and/or leveraging the Company’s existing credit facility to borrow in connection with share repurchases. Going forward, if considered appropriate by the Board, the Company may further update its capital allocation strategy, including changing the Authorization and/or its dividend practice.
