(e) Compensatory Arrangements of Certain Officers

On February 15, 2018, the Compensation and Leadership Development Committee (the “Committee”) of the Board of Directors (the “Board”) of Simpson Manufacturing Co., Inc. (the “Company”) approved certain updates to the compensatory arrangements for the named executive officers (“NEOs”) of the Company that was announced on February 4, 2017. The Committee believes that, with these updates, median Company performance will result in median compensation for the NEOs and above average performance will result in above average compensation. These arrangements as updated are set forth below.

NEOs’ 2018 Equity Awards

Based on its review and the recommendations of Mercer, its independent compensation consultant, the Committee updated the NEOs’ 2018 equity awards. As a result, (i) the number of the target shares of common stock of the Company under equity awards to be granted to the NEOs in 2018 will be split approximately between 20% under time-based equity awards and 80% under performance-based equity awards, compared to the 50%/50% split in 2017, and (ii) no 2018 time-based equity awards will vest on the date of grant compared to 25% of the 2017 time-based equity awards vesting on the date of grant.

The framework of the updated long-term component of the 2018 compensatory arrangements for the NEOs are otherwise consistent with the NEOs’ 2017 equity awards announced on February 4, 2017.

The NEOs’ 2018 awards of performance-based restricted stock units (“PSUs”) will be measured against the updated performance goals set by the Committee for a three-year cliff-vesting period starting on January 1, 2018, and ending on December 31, 2020 (the “Measurement Period”), and the number of shares of common stock of the Company that will eventually vest in favor of a NEO under his or her 2018 PSU awards, following the end of the Measurement Period, will be between 0% and 200% of his or her target shares, depending on the extent to which the performance goals will have been achieved at the end of 2020. The target and maximum amounts of shares of common stock of the Company that could eventually vest under the 2018 PSU awards to be granted to each of the NEOs are as follows:

Brian J. Magstadt, the Company’s Chief Financial Officer, Treasurer and Secretary, remains as its principal financial officer and principal accounting officer and continues to perform related functions for the Company.

**Directors’ Updated Equity Awards**

On February 15, 2018, based on Mercer’s findings from a 2017 review of the Board compensation in light of competitive pay levels, which indicated that the Board members’ equity retainers were below the 2016 median level of the Company’s peer group, the Nominating and Governance Committee of the Board approved an increase of the value of the annual equity retainer for each Board member from $65,000 to $85,000 starting in 2018, which is expected to result in awards of restricted stock units with respect to an increased number of shares of common stock of the Company to be granted to members of the Board.
